Wordfence

Wordfence is the best!

I've been using Wordfence for some time now on 6 of my sites. It works extremely well and provides me with the protection from intruders that I need. I've only had a couple of minor issues, mostly caused by my lack of experience, but the support at Wordfence has been great at helping me out of a jam. I highly recommend the plugin, and purchasing the upgrade to the pro version is worth every penny. The plugin is easy to install and setup is simple. And.. if your host is GoDaddy, it is one of their recommended plugin partners.
